This digital download includes multiple table cloths that can be printed at home. These table cloths are designed to fit on the Pegsies "Last Supper" table.

Each of the following pages has a separate table cloth with instructions.

Page 2: Reverse fold corner with items

Page 3: Reverse fold corner blank

Page 4: Cut corners with items

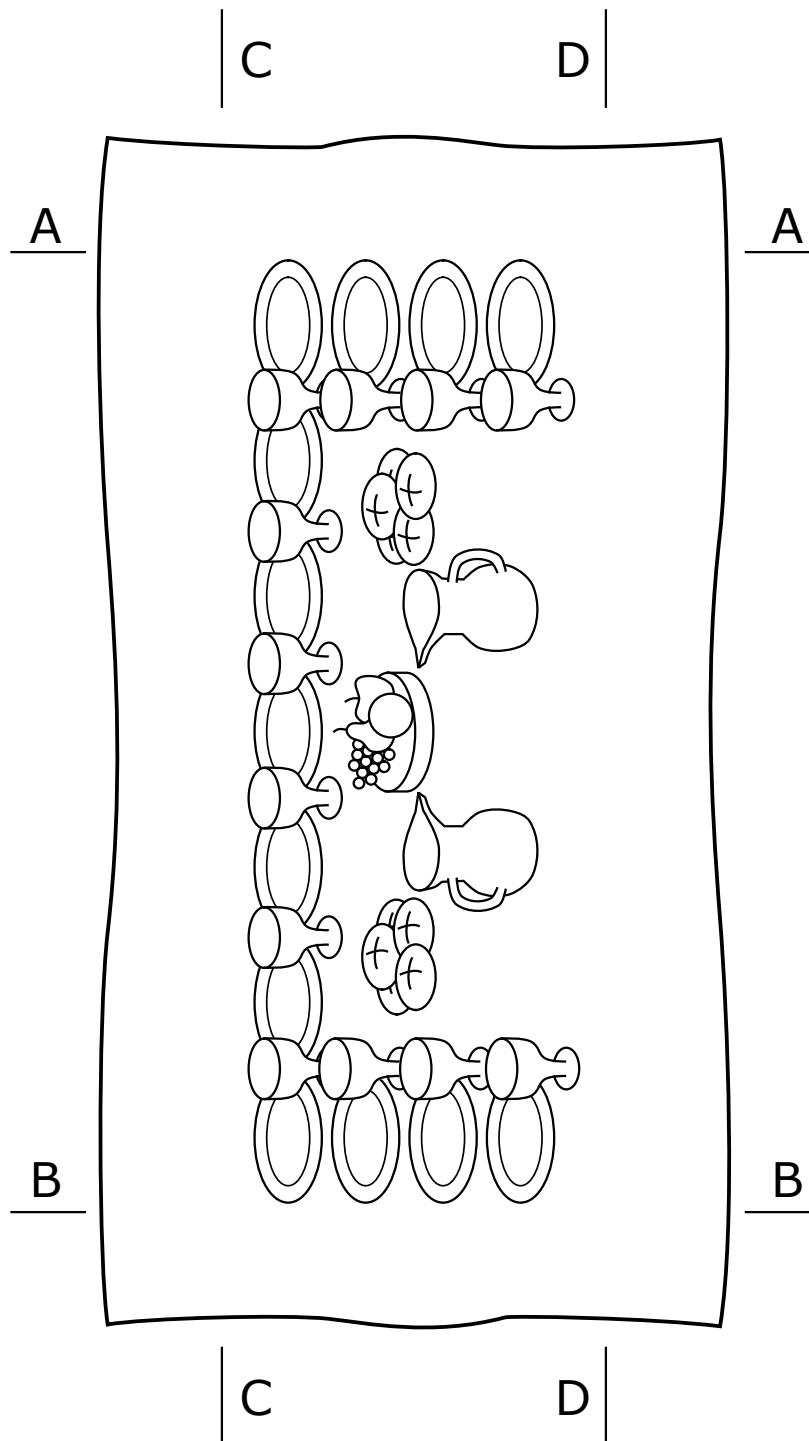

Page 5: Cut corners blank

The "cut corners" table cloth is easiest to make. But the "reverse fold" table cloth looks the nicest as the corners of the paper look most like a normal table cloth.

If you design your own table cloth,
we'd love to see your work!
